ENGAGEMENT VIDEO:

At least a few months prior to the wedding, we will discuss details and a location for your engagement video shoot to announce and showcase your engagement.

Similar to engagement photos, an engagement video is a great way to get comfortable posing and interacting in front of the camera before your big day.

Some couples also choose to share a few stories about how they met, their proposal story, their first date, a few stories about their relationship, etc. Many couples also choose to post the video to their wedding website and/or play the video on the day of the wedding!
